About This Game

TOTEM - Action RPG with a pretty, detailed pixel-art. In this game you will become the only hope for the salvation of mankind. Mysterious horrifying evil corrupts the forest and its inhabitants. You need to find out what's hidden behind all these nightmares. Gradually, the hero discovers that the looming threat can be defeated, but to achieve this hero must be much more stronger. How to do it? Crush them all! Make them regret for what they did.

- Find allies, buy new items to help in your journey (crossbows, axes, staves).

- Crush your enemies and soak up their strength!

- High variability of opponents: dozens of common enemies and numerous meetings with bosses with their own unique abilities.

- The unique atmosphere of a smooth transition from the fertile land and the peace-loving neighbors to the foggy rotten wood with terrifying creatures lurking in the dark.
